

## PLAYING A DVD OR BLU RAY DISC IN HIGH-TECH CLASSROOMS:

- **First** try using the DVD/Blu-Ray player provided in each Tech classroom
  - Power classroom audiovisual equipment on
  - Select the DVD or Blu-Ray button from the touch panel
  - Locate the DVD or Blu-Ray player in the equipment cabinet, power on the device and insert your disc
  - Use the touch panel control buttons to begin playing the movie
- **IF** the disc doesn't play, **EJECT** it from the DVD/Blu-Ray player and try it on the computer.
- **To use the computer**, select the Computer source button from the touch panel.
  - Locate the PC in the equipment cabinet and insert your disc into the computers disc drive.
  - Once the computer has loaded the disc an option box similar to this one may automatically appear:

- **IF** an option box appears, **SELECT “Play DVD movie using VideoLAN VLC media player”**. This option will have an orange and white traffic cone as the icon.

- **IF** an option box does not appear:
  - **Click** on “My Computer” icon on the desktop
  - **Right Click** on the disc and select “**Play with VLC media player**” go directly to the disc device and **RIGHT CLICK** on it, a menu similar to this one will appear.
